

## INDEX

### A

- Abderhalden reaction, the, Smith, F. C., and Shipley, V. T., 24
- Abdominal surgery, the renaissance of; the passing of the gynecologist, Deaver, John B., 299
- Abelheim, Postpartum hemorrhage, (Abst.), 119
- Ablatio placentae, is cesarean section justifiable in? Polak, John O., 384, 475
- Abortion and sterilization, some indications for therapeutic, Winans, (Abst.), 252
- the economic aspects of, Schumann, Edward A., 484
- American Association of Obstetricians, Gynecologists, and Abdominal Surgeons, Transactions of Thirty-sixth Annual Meeting, 206, 321, 473, 611, 719
- Amniotic fluid, the uric acid content of human, Williams, J. L., and Bargen, J. A., 406
- Amolsch, Arthur L., (with Davis, James E., and Kellog, B. V.), Anatomical and clinical studies upon 875 placentae, 637
- Analgesia, posthypnotic birth, Kogerer, (Abst.), 366
- Anatomical and clinical studies upon 875 placentae, Davis, James E., Kellog, B. V., and Amolsch, Arthur L., 637
- Anderson, J. W., High percentage of abnormal obstetric cases in general practice, (Abst.), 113
- Anencephaly, report of a case of, diagnosis before onset of labor, Campbell, A. M., and Willits, P. W., 104
- Anesthesia in obstetrics, the value of sacral nerve block, Bonar and Meeker, (Abst.), 369
- in operative gynecology, aims and limitations of local, Zimmermann, (Abst.), 368
- obstetric analgesia and, a consideration of nitrous oxide-oxygen and various combined methods, Danforth and Davis, (Abst.), 367
- regional, of the uterus, Cotte, G., (Abst.), 369
- the maintenance of obstetric, by infundibulin and chloroform, (Abst), Martin, A. F., 367
- the use of local, in handling septic conditions within the abdomen, Farr, Robert E., 152, 213

- Anesthetics and analgesics in labor, Greenwood, W. O., (Abst.), 364
- Appendicitis, cutting the ileocecal fold as a routine measure in the operation for, Chandler, George F., 149, 211
- Appendix, carcinoma of base of, report of a case of, Tate, M. A., 291, 325
- Applegate, J. C., Rational obstetrics from the teaching viewpoint, 181
- Arens, (with Stein), Roentgenograms of the fetal skeleton as a positive sign of pregnancy, (Abst.), 502
- Atresia of the vagina, report of a case of acquired, and the operative result, Grad, H., 469
- Aub, (with Taylor), The effect of body tissues other than the thyroid upon the basal metabolic rate, (Abst.), 748

### B

- Babeock, W. Wayne, Chemical hysterectomy, 693, 722
- Bailey, Harold, The report of the Committee on Regulation of Conception, 339
- The serum treatment of puerperal sepsis, 658, 727
- Bainbridge, W. S., Duplex uterus with multiple pregnancy, 285, 321
- Bargen, J. A., (with Williams, J. L.), The uric acid content of human amniotic fluid, 406
- Basal metabolic rate, the effect of body tissues other than the thyroid upon the, Aub and Taylor, (Abst.), 748
- Baumann, On the question of artificial impregnation, (Abst.), 250
- Beck, Alfred C., The conservative treatment of eclampsia, 677, 730
- Belot, J., Sterility and x-rays, (Abst.), 251
- Bishop, Eliot, Solid tumors of the ovary; their clinical consideration and treatment, 576
- (with Giest, S. H.), Symposium on solid ovarian tumors and their treatment, 621
- Bishop, K. S., (with Evans), On the relations between fertility and nutrition, (Abst), 243
- Existence of a hitherto unknown dietary factor essential for reproduction, (Abst.), 244

- Blamoutier, Kraurosis vulvae and exophthalmic goiter, (Abst.), 747
- Blinders wanted in surgery, Morris, R. T., 166, 216
- Block, F. B., (with Clark, J. C.), Relative values of irradiation and radical hysterectomy for cancer of the cervix, 625
- Bonar, (with Meeker), The value of sacral nerve block anesthesia in obstetrics, (Abst.), 369
- Books received, 371, 755
- Bradley, R. L., Results of intermittent aspiratory hyperemia in gynecology with a report of one hundred and twenty-three cases, 195
- Brodhead, G. L., Dry labor, a study of 182 private cases, 332
- Brown, C. H., Abdominal pregnancy with favorable outcome at term, 101
- Buist, R. C., A note on the early recognition and corrective treatment of occipito-posterior presentations, (Abst.), 118
- Bunzel, E. Everett, A statistical review of the toxemias of pregnancy, 686, 730

## C

- Campbell, A. M., (with Willits, P. W.), Report of a case of anencephaly-diagnosis before onset of labor, 104
- Cancer carriers, the clinical significance of chemical and serum analyses of the blood of uterine, subjected to measured radiation doses, Schmitz, Henry, 449, 480
- Carr, W. L., (with Ratner, B.), The results of follow-up work with infants in a maternity hospital, 75
- Cervix and fundus, a study of three hundred cases, private patients, six weeks or longer postpartum, with reference to the condition of the pelvic floor, Lankford, B., 275, 323
- cauterization of the uterine, Kelly, H. A., 627
- relative values of irradiation and radical hysterectomy for cancer of the, Clark, J. G., and Block, F. B., 543, 625
- report of a case of a large interstitial fibroma of, operations, Hall, Rufus B., 709
- uteri, the repair of birth lacerations of the, Emge, L. A., 16
- Cesarean section, extraperitoneal, (gastrolytrotomy) in presumably infected and mismanaged cases of prolonged labor, Davis, A. B., 373, 473
- Chandler, Geo. F., Cutting the ileocecal fold as a routine measure in the operation of appendicitis, 149, 211
- Chapman, W. D., Maternal and infant welfare without governmental bureaucracy, 314
- Chemical hysterectomy, Babcock, W. Wayne, 693, 722
- Childbirth, painless, Kouwer, (Abst.), 364
- septic infections following, Vander Veer, E. A., 280, 326
- Clark, John G., (with Block, F. B.), Relative values of irradiation and radical hysterectomy for cancer of the cervix, 543, 625
- Coccyx, labor injuries of the, and their treatment, Hirst, J. C., and Wachs, C., 199
- Colics, R., The artificial pneumoperitoneum in gynecology, (Abst.), 502
- Collective Reviews:
- Essentials in roentgentherapy of interest to clinicians with a consideration of its application in gynecology, Robinson, M. R., 487, 630
- New books, Frank, Robert T., 234
- Operations for permanent enlargement of the contracted bony pelvis in women, Polak, John Osborn, and Phelan, George W., 739
- The application of x-ray to obstetrics and gynecology, Spillman, R., 110
- The Kielland Forceps, Greenhill, J. P., 349
- College, hospital, medical student, the, Dickinson, G. K., 259
- Conception, the report of the Committee on the Regulation of, Bailey, Harold, 339
- Contraceptive substances, the biological behavior of spermatozoa to, Steinhäuser, W., (Abst.), 250
- Corpus luteum, the pathological anatomy of the, (abscess, cyst, hematoma, and neoplasm), Novak, Emil, and Telinde, Richard, W., (Abst.), 749
- Cotte, G., Regional anesthesia of the uterus, (Abst.), 369
- Couch, Fashionable midwifery, (Abst.), 113
- Crile, George W., Carcinoma of the uterus, 528
- (with Portmann, U. V., and Jones, T. E.), Symposium on the relative rôle of surgery, x-ray and radium in the treatment of carcinoma of the uterus, 611
- Crossen, R., (with Schwarz, O. H.), Endometrial tissue in the ovary, 505, 618
- Curettage, diagnostic, Driessen, (Abst.), 504

## D

- Danforth, (with Davis), Obstetric analgesia and anesthesia, a consideration of nitrous oxide-oxygen and various combined methods, (Abst.), 367
- Davidson, L. T., (with Krebs, O. S.), The newborn service in a university hospital, 33
- Davis, (with Danforth), Obstetric analgesia and anesthesia, a consideration of nitrous oxide-oxygen and various combined methods, (Abst.), 367
- Davis, A. B., Extraperitoneal cesarean section (gastroelytrotomy) in presumably infected and mismanaged cases of prolonged labor, 373, 473
- Davis, James E., Obituary—William Whitford, 737  
(with Kellog, B. V., and Amolsch, Arthur L.), Anatomical and clinical studies upon 875 placentae, 637
- Deaver, John B., The renaissance of abdominal surgery; the passing of the gynecologist, 299
- Delivery, leg holders for, Piper, E. B., 226
- Denis, W., (with King, E. L.), A chemical study of the inorganic constituents of blood in normal and abnormal pregnancy, 253
- DeRouville, (with Sappey), The action of the lutein cells of the ovary in certain uterine hemorrhages, (Abst.), 748
- Deucher, W. G., Digital examination of the uterine cavity, (Abst.), 503
- Diabetes mellitus in pregnancy, Wiener, Herbert J., 710
- Diagnosis in surgical infections, blood sedimentation test as an aid in, Friedlaender, 125
- Dickinson, G. K., The college, the hospital, the medical student, 259
- Dickinson, R. L., A case of obstinate diabetic eczema of vulva, rapid cure by insulin administration, with return of menstruation at fifty, 338
- Dieckmann, W. J., (with Krebs, O. S.), The Rosenthal liver function test in obstetrics, 89
- Dietary factor essential for reproduction, existence of a hitherto unknown, Evans, H. M., and Bishop, K. S., (Abst.), 244
- Diverticula and diverticulitis, Lynch, J. M., 269, 321
- Dorland, Report of a case of ruptured uterus resulting from the use of pituitary extract, (Abst.), 122
- Double uterus, double vagina and double Douglas' pouch, Hewson, A., 222

- Driessen, Diagnostic curettage, (Abst.), 504
- Dry labor, a study of 182 private cases, Brodhead, G. L., 332
- Dysmenorrhea, concerning the functional therapy of, Ludwig, Fritz, (Abst.), 748
- Dystocia due to constriction of one thigh by cervix in a cephalic presentation, Greenhill, (Abst.), 117  
uterine, the necessity of uniformity in the nomenclature of, Zarate, E., (Abst.), 117

## E

- Eclampsia, conservative treatment of, Beck, Alfred C., 677, 730  
is it a biological necessity? Gruhitz, O. M., 588, 620
- Eichel, Otto R., A preliminary report of statistical study of puerperal sepsis, 667, 724
- Emerick, Sterilization of the mentally unfit, (Abst.), 252
- Emge, L. A., The repair of birth lacerations of the cervix uteri, 16
- Endocrinology, (Abstracts), 745
- Evans, H. M., (with Bishop, K. B.), On the relations between fertility and nutrition, (Abst.), 243  
Existence of a hitherto unknown dietary factor essential for reproduction, (Abst.), 244
- Examination, digital, of the uterine cavity, Deucher, W. G., (Abst.), 503
- Exploration, the diagnostic value of digital, of the uterine cavity in cases of anomalous bleeding, Hesse, W., (Abst.), 504

## F

- Fabre, Maurice, (with Mosse, S.), Extract of hypophysis in metrorrhagia, (Abst.), 747
- Farr, R. E., The use of local anesthesia in handling septic conditions within the abdomen, 152, 213
- Faust, Inversion of the uterus, (Abst.), 123
- Fertility and nutrition, on the relations between, Evans, H. M., and Bishop, K. S., (Abst.), 243
- Fibroma of cervix, report of a case of a large interstitial—operations, Hall, Rufus B., 709
- Fleurent, H., Consideration of some cases of rupture of the uterus, (Abst.), 122
- Follow-up work with infants in a maternity hospital, the results of, Carr, W. L., and Ratner, B., 73
- Frank, Robert T., New books, (Collective Review), 234

- Friedlaender, B., Blood sedimentation test as an aid in diagnosis of surgical infections, 125
- Frozen sections through uterus of woman dying during third stage of labor, illustrating mechanism of placental separation and extrusion, Titus, Paul, and Andrews, V. L., 396, 478
- through uterus of woman dying from central placenta previa, following Braxton-Hicks version, Titus, Paul, and Andrews, V. L., 396, 478
- Furniss, H. D., Fulguration of Hunner ulcers, 288, 323
- the Rubin test simplified, (Abst.), 244
- Fürst, W., The value of rectal examinations during labor and their limitations compared to the usual vaginal examinations, (Abst.), 114

## G

- Gas inflation, transuterine, Peterson-Cron (Abst.), 502
- Geist, S. H., Solid ovarian tumors; their pathology, 567
- (with Harris), Experimental investigations of the value of the various commercial ovarian extracts, (Abst.), 754
- Gestation, the time for operation in ectopic, Welton, T. S., 158, 213
- with unusual symptoms, a case of interstitial ectopic, Vineberg, H. N., 228
- Gibbons, R. A., Sterility with reference to the State, (Abst.), 243
- Gillespie, Relief of pain in labor, (Abst.), 367
- Gobel, M., (with Schilling, E.), The diagnosis of pregnancy by the injection of phloridzin, (Abst.), 499
- Goff, B. H., An analysis of wound union in 3,000 abdominal incisions from the clinic of the Woman's Hospital, 342
- Goiter, Kraurosis vulvae and exophthalmic, Blamoutier, (Abst.), 747
- toxic, pelvic findings in one hundred cases of, Hertzler, (Abst.), 747
- Gordon, A., Meningeal hemorrhages of the newborn and their remote consequences, 462, 481
- Graafian follicle cyst, abdominal hemorrhage from ruptured, Hadden, D., 600, 620
- Grad, H., Report of a case of acquired atresia of the vagina and the operative result, 469
- Graff, The treatment of sterility in women, (Abst.), 248
- Greenhill, J. P., Dystocia due to constriction of one thigh by cervix

Greenhill, J. P.—Cont'd  
in a cephalic presentation, (Abst.), 117

The Kielland forceps, (Collective Review), 349

Greenwood, W. O., Anesthetics and analgesics in labor, (Abst.), 364

Gruhzit, O. M., Eclampsia, is it a biologic necessity? 588, 620

Guggenberger, J., The viability of human spermatozoa *in vitro*, (Abst.), 249

Gynecologic diagnosis, pneumoperitoneum of the pelvis as an aid to, Impey, (Abst.), 503

Gynecological operations, the value of certain, Tuttle, H. K., 43

Gynecology, diagnostic value of sedimentation time of the red corpuscles in, Molnar, (Abst.), 501

results of intermittent aspiratory hyperemia in, Bradley, R. L., 195

the artificial pneumoperitoneum in, Coliez, R., (Abst.), 502

## H

Hadden, David, Abdominal hemorrhage from ruptured Graafian follicle cyst, 600

Two cases of recurrent cyst adenoma of ovary, 598

Hall, Rufus B., Report of a case of a large interstitial fibroma of cervix—operations, 709

Hamilton, The problem of posterior positions, (Abst.), 118

Diagnosis of the patency of the tubes by the Rubin test, (Abst.), 244

Novak, Emil, (with TeLinde, Richard W.), The pathological anatomy of the corpus luteum, (abscess, cyst, hematoma, and neoplasm), (Abst.), 749

## O

Obituary—William Whitford, 737

Obstetric cases in general practice, high percentage of abnormal, Anderson, J. W., (Abst.), 113

Obstetrical shock, concerning postpartum, Muret, (Abst.), 120

Society of Philadelphia, Transactions of, 222, 481, 625

Obstetrics and gynecology, the pituitary gland in its relation to, Williamson, Herbert, (Abst.), 746

medicinal and hypnotic twilight sleep in, Krönig, W., and Schönholz, L., (Abst.), 366

one thousand cases of, as seen by a country practitioner, Kuhlmann, (Abst.), 113

rational, from the teaching viewpoint, Applegate, J. C., 181

the Rosenthal liver function test in, Krebs and Dieckmann, 89

Occipito-posterior presentations, a note on the early recognition and corrective treatment of, Buist, R. C., (Abst.), 118

Occiput posterior, the, Harper, Paul T., 53

Operations for permanent enlargement of the contracted bony pelvis in women, Polak, John Osborn, and Phelan, George W., (Collective Review), 739

Organotherapy, experimental investigations of the value of, Zondek, (Abst.), 753

Ovarian extracts, experimental investigations of the value of the various commercial, Geist and Harris, (Abst.), 754

fibroma, sarcoma and carcinoma, Polak, John O., 621

function, studies of, Schickele, G., (Abst.), 750

hemorrhages, clinical investigations of the value of organotherapy in, Stickle and Zondek, (Abst.), 752

therapy, an appraisal of, Novak, (Abst.), 753

tumors, solid, their pathology, Geist, Samuel H., 567

symposium on solid, and their treatment, Geist and Bishop, 621

Ovum as an internal secretory organ, McIlroy, (Abst.), 749

mammalian, observations on the viability of the, Hartman, C., 40

Ovary, cystadenoma of, two cases of recurrent, Hadden, D., 598

endometrial tissue in the, Schwarz, O. H., and Crossen, R., 505, 618

solid tumors of the, their clinical consideration and treatment, Bishop, Eliot, 576

two cases of recurrent cystadenoma of, Hadden, D., 598

Oxygen inflation of the peritoneal cavity for radiography purposes, Roberts, (Abst.), 502

## P

Pains, the treatment of weak uterine, Sachs, E., (Abst.), 118

Pancreatitis, acute, Smead, L. F., 431, 478

Pantopon versus laudanum-scopolamine ether narcosis, Hellendall, H., (Abst.), 368

Pedersen, V. C., A virgin bivalve speculum (adult length), 108

Pelvic diagnosis, a new method of teaching, by means of manikins, Jaffe, J. K., 189

Pelvis, contracted bony, operations for permanent enlargement of the, in women, Polak, John Osborn, and Phelan, George W., (Collective Review), 739

Peterson, (with Cron), Transuterine gas inflation, (Abst.), 502

Phelan, George W., (with Polak, John Osborn), Operations for permanent enlargement of the contracted bony pelvis in women, (Collective Review), 739

Philips, Prolapse of the spontaneously inverted puerperal uterus, (Abst.), 123

Piper, E. B., Leg holders for delivery, 226

Pituitary extract in labor, the use of, Steinberg, B., 82

gland in its relation to obstetrics and gynecology, Williamson, Herbert, (Abst.), 746

reactions to extracts of the posterior, in pregnancy, Volpe, C., (Abst.), 746

Pituitrin in the third stage of labor, Seides, (Abst.), 119

Placenta previa, treatment of, McPherson, Ross, 403, 477

the effect of the, on menstruation, Jacoby, (Abst.), 754

Placentae, anatomical and clinical studies upon 875, Davis, James E., Kellog, B. V., and Amolsch, Arthur L., 739

- Placental rests, retention of, at full term delivery, Zangemeister, (Abst.), 120
- Placentaoptone, the effect of the, Puppel, Ernst, (Abst.), 754
- Polak, J. O., Is cesarean section justifiable in ablatio placentae? 384, 475
- Ovarian fibroma, sarcoma and carcinoma, 621
- (with Phelan, George W.), Operations for permanent enlargement of the contracted bony pelvis in women, (Collective Review), 739
- Portmann, U. V., Radiation therapy of cancer of the uterus, 533
- (with Crile and Jones), Symposium on the relative rôle of surgery, x-ray and radium in the treatment of carcinoma of the uterus, 611
- Postanesthetic complications, some observations on, Smith, G. F. R., (Abst.), 370
- Posterior positions, the problem of, Hamilton, (Abst.), 118
- Preeclamptic symptoms, the significance of ocular changes occurring in association with, Mills, L., 304
- Pregnancies, normal and abnormal, the roentgen ray diagnosis, Speidel, Edward, and Turner, Henry H., 697, 719
- Pregnancy, abdominal, with favorable outcome at term, Brown, C. H., 101
- a chemical study of the inorganic constituents of blood in normal and abnormal, Denis, W., and King, E. L., 253
- a statistical review of the toxemias of, Bunzel, E. Everett, 686, 730
- carcinoma of the cervix associated with, Schilling, N., 440
- diabetes mellitus in, Wiener, Herbert J., 710
- duplex uterus with multiple, Bainbridge, W. S., 285, 321
- glycosuria of, Rommert, (Abst.), 500
- further observations in renal, Schneidermann, H., 177
- ingestion glycosuria as aid to early diagnosis of, Long and Hirst, (Abst.), 501
- new physical sign in interrupted, Judd, Albert M., 231
- ovarian, with the report of a case, Sutton, L. A., 1
- phloridzin in the diagnosis of, Köster, (Abst.), 499
- preventive, a useful, Pust, (Abst.), 251
- reactions to extracts of the posterior pituitary in, Volpe, C., (Abst.), 746
- renal diabetes during, and its dependence upon the glands of internal secretion, Küstner, (Abst.), 500
- Pregnancy—Cont'd
- roentgenograms of the fetal skeleton as a positive sign of, Stein and Arens, (Abst.), 502
- the diagnosis of, by the injection of phloridzin, Schilling and Gobel, (Abst.), 499
- the diagnostic value of adrenalin glycosuria in, Küstner, (Abst.), 500
- the renal glycosuria of, as an early symptom of the gravid state, Roubitschek, R., (Abst.), 498
- toxemias of, uric acid in the blood in the, King and Denis, 409
- Pregnant women, the sedimentation of red blood cells in, Vignes, (Abst.), 501
- Procidentia, results of radical surgical treatment of, by the Murphy, Collins and Jackson operations, Sloan, E. P., 703, 720
- Puerperal sepsis, a preliminary report of a statistical study of, Eichel, Otto R., 667, 724
- serum treatment of, Bailey, Harold, 658, 727
- Puppel, Ernst, The effect of the placentaoptone, (Abst.), 754
- Pust, A useful pregnancy preventive, (Abst.), 251
- R
- Ratner, B., (with Carr, W. L.), The results of follow-up work with infants in a maternity hospital, 73
- Rectal examination during labor, Van Blomestein, (Abst.), 114
- in obstetrics, on the question of, Labhardt, A., (Abst.), 114
- examinations, the value of, during labor and their limitations compared to the usual vaginal examinations, Fürst, W., (Abst.), 114
- Reder, F., Lesions of the cervical stump of a supravaginally ablated uterus, 173, 218
